

**Diverter Valve**

- Allows one pump to draw from two locations
- Enables flexibility of pump installations
- Smooth lever operation
- Precision machined eliminating seepage and odor problems
- 2 models for 1" and 1-1/2" hose
- Teflon® lubricated non-stick operation
- Complies with US Coast Guard rules for Type 3 waste systems

ORDER NO.	DESCRIPTION	PRICE
WHA DV5606B	For 1-1/2" Hose	\$93.94
WHA DV5630	For 1" Hose	\$100.24

**Inline Scupper**

- Prevents Backwash
- Chemical Resistant Materials
- Thermo-Plastic Flapper

ORDER NO.	HOSE SIZE	PRICE
THM ILS750DP	3/4"	\$18.89
THM ILS1200DP	1-1/8"	\$18.89
THM ILS1500DP	1-1/2"	\$18.89

**Vented Loops**

HVL series bronze vented loops assure clog-free anti-siphon protection for sanitation or engine exhaust systems. The oversized vent valve can easily be removed for inspection or cleaning without tools. Mount Hardware is included.

ORDER NO.	SIZE	PRICE
GRC HVL750	3/4"	\$113.00
GRC HVL1500	1-1/2"	\$126.00

**Gulper 320 Multi-Purpose High Capacity Waste Pump**

Designed for multi-drain grey waste or remote mounting bilge pump

- High flow rate 5.3 GPM ensures fast drainage and less pump on time
- Built on market leading Gulper non-choke valve technology
- Easy access as a remote mounting bilge pump
- Easy and secure installation
- Wrap around securing strap
- New Ezi-clamp locking ring- simply twist and screw to lock head in desired position

12 VDC

WHA BP2052B	\$211.61

**Forespar "Y" Valve**

"Y" Valves are molded from glass-reinforced Marelon®. Offering an improved, stronger handle design. They are easily mounted to a bulkhead. The valves are operated by a simple 120° movement. Positive stops are provided between positions.

ORDER NO.	MODEL	BARB SIZE	PRICE
FRS 902000	MF852	1-1/2"	\$67.50

**JABSCO "Y" Valve**

The Jabsco Y-Valve diverts waste from a toilet to either an onboard holding tank or directly overboard where legal to do so. The large, easy-to-turn handle has an integral locking ring that allows it to be locked or sealed in either position.

The 1-1/2" curved discharge ports can be rotated through 360° so the discharge hoses can be routed away in parallel, at 90° to each other, in opposite directions or either up or down. It is supplied with both a 1-1/2" (fitted) and 1" straight inlet port for easy attachment to toilets with 1" discharge hoses.

ORDER NO.	PRICE
ITT 454901000	\$89.13

**Viking Power 32 Vacuum Waste Pumps**

Single diaphragm action, 1-1/2" Discharge, handles your toughest waste handling needs! 12 volt. The Viking Power Vacuum has double check-valves and can also be used in vacuum toilet systems. The pump can be run dry and also handle a mixture of air and water without difficulty. The Viking Power Vacuum provides maximum flow of 32 liters per minute and is self-priming up to a height of 2.5 (32) or 3.5 (Vacuum) meters. Although powered by an electric motor, this pump can also be cranked by hand in an emergency. With its low pulsation and muffled rubber grommets, the Viking Power Vacuum offers whisper quiet operation.
