Toggle® Brand Stainless Steel Toggle Bolt Anchors

Ideal for securing seat pedestal bases, stanchions, etc., to decks or any accessory desired to cabin walls. Can be used in any thickness deck or cabin wall from 3/8" through 2 1/2". Requires only a small hole (1/2" diameter for 1/4"-20 toggle anchor). Stays in place without bolt and will not spin during installation. Allows bolt removal without losing the anchor under the deck or behind the cabin wall.

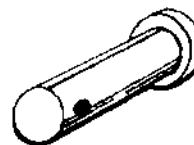

MODEL 21022 – 1 pair. Anchors only.

MODEL 21026 – 6 ea.
