

**Hookit™ Finishing Film 6" Disc 260L**

100 discs per box.

Designed for use in scuff sanding following painting by random orbit or by hand to remove runs, dust, nibs, and excess orange peel from paint and gelcoat prior to compounding. These discs allow for machine sanding versus having to hand sand prior to compounding or using very aggressive compounds. These discs are constructed of a high-performance, aluminum oxide mineral bonding to a smooth film backing. Cuts fast, lasts long, resists loading and leaves a consistent finish.

ORDER NO.	GRADE	PRICE
MMM 00971	P600	\$165.06
MMM 00970	P800	\$165.06
MMM 00969	P1000	\$165.06
MMM 00968	P1200	\$165.06
MMM 00950	P1500	\$164.27

**3M™ Clean Sanding Discs 6"**

Discs cut and last longer when dust isn't loading the cutting surface of the abrasives. It's that simple. And reducing dust is easier than ever with new 3M™ Clean Sanding Discs. Featuring 3M-patented, precise multi-hole patterns, these discs can evacuate dust better than 5- or 6-hole products — dramatically increasing disc life.

In addition, the new 3M™ Clean Sanding Disc Pad is designed so hole alignment is not required. It's even simpler to use than a standard "dust free" system.

- Resist loading to extend disc life and improve productivity.
- Facilitate exceptional dust extraction when used with a well-functioning dust extraction system.
- Deliver uniform, consistent finishes.
- Use 3M™ Hookit™ Attachment System for easy reuse.
